

# Azelis Composites

# Your technical partner in composites

Product development, manufacture or process, the complex characteristics of individual composites is often the key to successful outcomes.

With over 50 years' experience in the market, Azelis Composites can help you to get the best performance from specialised products, ancillary materials and equipment. Our team can work with you to source and test new products and identify new markets. Our integrated supply chain can be relied on, anywhere in Europe.

## Our markets include

- **Transportation**  
Automotive subcontractors, competition and specialist cars, trailers, trucks, vans and mobile homes
- **Marine**  
Sailing and motor boats
- **Chemical protection**  
Cisterns, pipes, floor coverings
- **Sanitary ware applications**  
Bathrooms, sinks and spas
- **Wind energy**  
Windmill blades
- **Sports and leisure production**  
Ski, snowboard and surfboard manufacturers

“Choosing the right composite to meet performance, environmental and aesthetic objectives can be a challenge. With 50 years’ experience, Azelis gives you a head start.”

## Your one-stop for composites

Azelis Composites is your one-stop supplier of composites, with over 2,000 high quality products backed by in-depth sales support, technical service and unparalleled marketing expertise across Europe.

We have one of the most complete ranges available. From additives, catalysts, inhibitors and accelerators, through core materials like pvc, pu, pet, epoxies, gel coats, pigments and resins, to solvents, sprayable filling foams and more, Azelis Composites has it covered.

### Expert knowledge you can rely on

Our knowledgeable team’s understanding of how each substance will perform in different situations enables us to help manufacturers, product developers and process companies choose the right composites to meet the specific needs of individual applications.

We can help you explore the options, investigate potential combinations and arrive at the right pricing. We can provide samples, produce small prototype lots and support pan-European just-in-time deliveries for production quantities.

### We’re here to help

European customer or global principal, you will find our experts are ready to add value and proactively support your business, every step of the way.

### Technical Expertise

Our technically trained sales people can help you:

- Explore new raw materials
- Identify compounds with specific properties
- Recommend products in formulations
- Innovate new products
- Troubleshoot and improve processes
- Drive down costs

### Sampling Service Centres

We can help you to source products in appropriate quantities for research and product development:

- Tailored, quality service for composite ingredients
- Comprehensive support documentation (including Certificates of Analysis)
- Rapid response time
- Regulatory and safety compliance
- Pan-European supplier sampling service where needed

### Bespoke gel coat production

Our specialist Polycolor machines enable us to:

- Manufacture tailor-made gel coats
- Develop small quantities for testing
- Work to short timescales
- Deliver anywhere in Europe

## Azelis – market-leading speciality chemical distribution

Azelis is the leading pan-European speciality distributor. We provide a diverse range of products and innovative services to more than 50,000 customers. Our in-depth local knowledge is supported by an international structure and value-added services including high levels of technical support and tailored solutions.

We serve both the Life Science and the Performance Chemicals sectors:

- Composites
- Chemical Industries
- Coatings
- Materials, Pigments and Additives (MPA)
- Polymers
- Rubber
- Food & Health and Animal Nutrition
- Personal Care
- Pharma

Whichever business area you deal with, you will find the people at Azelis who have an entrepreneurial spirit and can-do attitude. We embrace change and welcome challenges. We are always looking for ways to add value for our Customers and Principals. It's a refreshing way to do business.

*Azelis cares. Every day.*

“At Azelis, innovation is in our DNA. That’s why we’re refreshing the world of chemical distribution.”
