

Azelis Homecare & Industrial Cleaning

Your sustainable partner in cleaning

Azelis offers more than just an ingredient in a dynamic market driven by consumer demand for new products, changing regulations, safety requirements, innovative concepts and sustainable solutions.

Azelis Homecare & Industrial Cleaning provides technical support, in-depth application knowledge and formulation support. We identify new opportunities and help our customers and principals to test and commercialise new ingredients. We provide a reliable, cost-efficient supply chain network around the world.

Our product range includes

- Antifoams & antifoam emulsions
- Biocides & preservatives
- Builders & fillers
- Colorants
- Detergent additives
- Dispersants & anti-redeposition agents
- Emulsifiers & emulsion additives
- Fragrances
- Functional ingredients
- Insecticides, herbicides & mould control
- Oils, butters & waxes
- Opacifiers
- Optical brighteners
- Rheology modifiers
- Sequestrants
- Silicones
- Solvents
- Surface & fabric modifiers
- Surfactants

“Adding value and offering sustainable solutions is more than selling an ingredient, it’s a commitment.”

Total solutions through total service

Azelis Homecare & Industrial Cleaning is a leading distributor with a comprehensive portfolio of speciality additives, surfactants and builders. Our industry team can add value for principals and customers, provide market-intelligence and identify emerging consumer trends.

You can rely on Azelis Homecare & Industrial Cleaning to help innovate, develop and enhance your products and processes. We can ensure you meet the highest environmental and quality standards, while improving value and delivering absolute reliability of supply.

Value adding services

Azelis Homecare & Industrial Cleaning provides in-house application laboratories with first-class application expertise. We can help with formulation work, testing, product approval and partner specific projects. Our specialists are constantly researching trends, identifying innovative new products and enabling our customers to anticipate market expectations. We can advise you on national and regional legislation and regulatory affairs.
