

Azelis News Release

9 September, 2021

Azelis appoints Pamela Antay to lead its Investor Relations function

Azelis, a leading innovation service provider in the specialty chemicals and food ingredients industry, is delighted to announce that it has appointed Pamela Antay as Senior Vice President, Equity and Credit Relations.

Pamela has more than 20 years of international experience in finance and industry. Pamela joins Azelis from Vesuvius PLC, a global leader in metal flow engineering, where she served as Head of Investor Relations and was responsible for the creation of their investor relations strategy. Prior to this she was Head of Corporate Communication and Investor Relations at Eurofins Scientific, a Euronext-listed life sciences company. Her previous experience also includes more than 10 years in equity research at Morgan Stanley, ABN AMRO and KBC Securities. Pamela holds an MSc in International Securities and Investment Banking from the University of Reading, in the UK.

Dr. Hans Joachim Müller, Azelis Chief Executive Officer, comments:

“Following the announcement of our intention to float on the Euronext in Brussels, we are delighted to have an investor relations professional of Pamela’s caliber join the team. We are focused on being the preeminent global innovation service provider for the specialty chemicals and food ingredients distribution market. As we embark on the next stage of our journey, Pamela’s experience will be invaluable.”

In her new role, Pamela will report to the Group Chief Financial Officer in Azelis, Thijs Bakker, and will be building and maintaining relationships with investors, banks and analysts, assisting them in understanding the Azelis’ business model, long-term strategy, governance and financial performance.

About Azelis

Azelis is a leading global innovation service provider in the specialty chemical and food ingredients industry present in over 50 countries across the globe with around 2,800 employees. Our knowledgeable teams of industry, market and technical experts are each dedicated to a specific market within Life Sciences and Industrial Chemicals. We offer a lateral value chain of complementary products to more than 45,000 customers, supported by ~2,200 principal relationships, creating a turnover of €2.22 billion (2020).

Across our extensive network of more than 60 application laboratories, our award-winning staff help develop formulations and provide technical guidance throughout the customers' product development process. We combine a global market reach with a local footprint to offer a reliable, integrated and unique digital service to local customers and attractive business opportunities to principals. EcoVadis Platinum rated, Azelis is a leader in sustainability. We believe in building and nurturing solid, honest and transparent relationships with our people and partners.

Impact through ideas. Innovation through formulation.
