Frank Bergonzi, CEO & President, Azelis / Americas

creating value, growing together

Creating value for our suppliers and customers in the specialty chemical industry takes a multi-disciplined approach—a commitment to excellence in every aspect of our operation. We at Azelis are committed to growing your business and setting a new standard of industry excellence.

Our team of experienced chemical industry specialists deliver unparalleled technology, products and service through our network of leading companies and application labs servicing our customers in the Industrial and Life Sciences sectors in North America. We pride ourselves in providing our customers with regional focus and attention, while leveraging the Azelis global infrastructure and added-value resources.

Our go-to-market strategy, which leverages our ten renowned local and regional brands, quality products and superior service makes Azelis in the Americas best-in-class. Our focus on absolute customer service and technical know-how, backed by a global network of resources, provides our customers and suppliers with unsurpassed value.

Azelis is committed to continue being the #1 specialty chemical distributor in the Americas, with superior technical service, quality products and end-market expertise. Put us to work today to solve your specialty chemical needs and leverage the superior products, value-added technical support and services we build into every aspect of the specialty chemical distribution network.

About Azelis, leaders in innovation & technology

Delivering unparalleled technology, products and service through its network of leading companies and application laboratories

Azelis is a leading global distributor of speciality chemicals and ingredients, representing first-class manufacturers across Life Sciences and Industrial sectors. Our activities are built on decades of experience. Founded in 2001, the company has grown by bringing together more than 35 successful companies, many with a history going back over 100 years. We employ more than 1,700 people with offices across Europe, North America, Asia Pacific and Africa. More than half of our employees are in customer-facing roles.

We place partnerships with customers and principals at the heart of our activities and aim to provide effective, sustainable and reliable business solutions. Inherent flexibility allows Azelis to quickly react to market changes, whilst our passion for innovation from our suppliers base stimulates us to continuously enhance our technical service offering.

In each of our chosen specialized market sectors we provide high-quality support and service for our partners at an international, regional and local level. We have an industry-dedicated sales organization and our teams have market experience and application expertise, which combined with our business know-how, enables us to add value in all of our business relationships.

Taking our responsibilities seriously

Azelis / Americas is a member of the National Association of Chemical Distributors (NACD), and Responsible Distribution Canada, (RDC) adhering to their respective responsible distribution policies and principles; placing the highest priority on the health, safety, and security of its employees, communities it serves, and the environment.
